

## CERSAIE 2023

PRESS RELEASE

### **SHOWER ENCLOSURES IBRA SHOWERS**

#### **Vento shower enclosure is a new configuration of the Best model expand the catalog Ibra Showers by Arbi Arredobagno**

Arbi Arredobagno, a solid and successful company present on the market for 35 years, constantly invests in research and innovation, in order to renew its projects and to interpret at the best the most contemporary trends. Aesthetics, attention to detail and high quality standards are the values that have always guided the company in proposing an innovative and totally made in Italy design.

With the aim of offering a complete and coordinated proposal, Arbi Arredobagno combines the bathroom furniture collections with Ibra Showers programme, which includes: shower enclosures, shower trays, elegant and resistant covering panels, enveloping bathtubs, decorative radiators which spread a pleasant warmth, and functional accessories. The combination of these items creates an oasis of well-being where you can completely relax.

In the shower cabin domain, the innovations are represented by Vento model and by the new folding configuration of Best collection.

#### **VENTO SHOWER ENCLOSURE**

The new Vento shower enclosure, presented with a sliding door or walk-in fixed door, is characterized by an 8 mm thick glass, that guarantee maximum resistance and stability. The minimal and at the same time refined style of the model is emphasized by the handle integrated into the full-height profile and by the fixed plates characterized by the absence of lower profiles.

The sliding doors, equipped with a Soft Close system, ensure slow opening/closing and are easily detachable, to allow simple and thorough cleaning. The transparent PVC drip profiles guarantee perfect water tightness.

Thanks to the numerous configurations available - corner, wall or niche – even realized made to made, and thanks to the refined selection of profiles and glasses, Vento shower cabins satisfy every aesthetic, functional and architectural requirement: you can integrate them harmoniously with the different choices of furniture.

About finishes and details, Arbi offers a wide range of colours: from the classic Brill and Black, to the original "Special" colours, in brushed Gold, Copper and brushed Stainless, up to 51 lacquered colours.

There are also many alternatives about the choice of glass, available in transparent, Grigio Europa, Satin, Bronze and even screen-printed solutions.

#### **NEW BEST CONFIGURATION**

Best shower enclosures collection is enriched with the new frameless folding configuration. Thanks to the total folding of the doors and the elegant and essential design, it represents the ideal solution for those who have little space, but do not want to give up a product with high aesthetic result. Numerous possible configurations - corner or niche - also available in made to measure solutions, to fit in with class in the bathroom, adapting to its style and dimensions.

The pure shapes and clean lines of Best Pieghevole model are made evident by the minimal hinge, proposed in the same finish as the shower enclosure, which can only be opened outwards to facilitate the extension of the folding door.

Perfect expression of stylistic attention that firmly characterizes the project, the distinctive elements are: glass of 6mm thickness, the possibility of having the profiles and details lacquered in a rich variety of finishes, to satisfy different tastes and needs. In addition to the traditional Brill and Black, 51 lacquered shades are available, ranging from soft and delicate nuances to more intense and deep ones. There are also different colours of glass to choose from: transparent, Grigio Europa, Satin, Bronze and also screen-printed. The standard handle is a practical knob fixed on both sides of the glass; alternatively, the TI variant handle can be positioned horizontally.

In compliance with the UNI EN 14428 regulation, Ibra Showers shower cabins are subjected to severe tests for cleanability, stability, water tightness, impact, breakage, wear, opening and closing cycles, corrosion, resistance to chemical agents, stains and wet/dry cycles, guaranteeing a final product with very high quality standards.

The glass can be treated, upon request, with a special anti-limescale treatment which reduces the aggression of limescale and simplifies daily cleaning operations, keeping the shower enclosure shiny over time.

By combining Arbi bathroom furniture with Ibra Showers proposals, the customer will thus have the possibility of choosing a custom-made, fully coordinated solution, creating a bathroom where comfort and elegance coexist harmoniously. The company's extraordinary ability to work on made to measure items allows you to create stylish and functional projects, satisfying every need for space and aesthetic taste.
